FAQ: Strength comparison of TAT Cuffs to Leather Cuffs

The TAT products (catalog number 2798 and 2799) are designed to be alternatives to Leather Cuffs, such as Catalog no 2202. The TAT products are equal to or greater in strength than our Leather Cuffs. The TAT products may be washed according to the CDC standard for soiled linen. Leather products cannot be washed to this standard.

Based on our experience with the TAT Products, we are confident that you will be satisfied with these products. Posey Company guarantees complete satisfaction with our products. If you are not completely satisfied with these products or any other Posey products, you may return them for full credit.

For complete cleaning and use instructions for all Posey products, please refer to package insert instructions accompanying each product. Copies of all package insert instructions are available on the Posey website at www.posey.com.

We hope that this answers your questions. If you have any further questions, please feel free to call Posey Customer Service at (800) 44-Posey or (800) 447-6739.
